

Abdulrahman Ibrahim

Frontend Software Engineer

Cairo, Egypt  abdo.ibrahim411@gmail.com  Phone: +201202671449  LinkedIn: [abdo-ibrahim](#)  Github: [abdo-ibrahim](#) [abdulrahman-ibrahim.me](#)

Work Experience

- **TechnoHacks Internship | Web Development | July 2023 – August 2023**
 - Built projects like CRUD and Quiz apps using JavaScript and React.js, improving code efficiency by 20% with clean code principles.
 - Built a responsive landing page with React.js and Tailwind CSS, increasing engagement by 15% with efficient components.
 - Optimized project performance using data structures and algorithms (DSA) to enhance speed and responsiveness.
- **ITI Internship | MERN Stack Development | July 2024 – August 2024**
 - Designed and built responsive web apps with TypeScript, React.js, Node.js, and MongoDB, following clean architecture.
 - Optimized React component rendering, reducing load time by 30% through problem-solving skills and performance tuning.
 - Collaborated with a team of 5 to develop a full-stack app, integrating APIs and ensuring a scalable backend with modular design.

PROJECTS

- **Food E-Commerce Platform** [Demo](#) | [GitHub Link](#)
 - Built a responsive interface featuring a Home, Shop, About, Contact, Product Details, Cart, and Wishlist pages with dynamic filtering and an optimized cart system, enhancing performance through clean code and problem-solving skills.
 - Improved load time by 25% using efficient state management with Redux Toolkit.
 - **Tools:** React JS, JavaScript, Tailwind CSS, Redux Toolkit, Context Api, RESTful Api, HTML, CSS.
- **Netflix Clone** [Demo](#) | [GitHub Link](#)
 - Designed a streaming platform with dynamic sliders showcasing films, a movie show page, and a personalized watchlist feature.
 - Reduced API response time by 20% via optimized calls using state management with Redux Toolkit.
 - **Tools:** React js, JavaScript, Tailwind CSS, Redux Toolkit, RESTful Api, HTML, CSS.
- **My Portfolio** [Demo](#) | [GitHub Link](#)
 - Developed a **responsive portfolio** with an amazing UI, high performance, and fast loading speed, reflecting my identity and work.
 - Implemented **animations and transitions**, featuring sections like About, Projects, Skills, and Contact for a professional showcase.
 - Optimized SEO using Next.js features like server side rendering (SSR) and static generation (SSG) to enhance search rankings.
 - **Tools:** Next js, TypeScript, Tailwind CSS, HTML, CSS.
- **Atlas Countries** [Demo](#) | [GitHub Link](#)
 - Developed a responsive UI that displays countries from an API, enabling users to search and filter by region for easy navigation.
 - Integrated country details and dark/light mode, improving user experience and accessibility with clean code and problem-solving.
 - **Tools:** React Js, Tailwind CSS, Context Api, RESTful Api, HTML, CSS.

EDUCATION

Undergraduate Computers and Systems Engineering Zagazig University | 3.3 GPA (84%) | 2025

- Related Courses: C, Java OOP, Algorithms and Data Structures, Database, Operating Systems, Artificial Intelligence(AI, NLP), Computer Networks, Logic Design, Computer Architecture and Organization, Embedded Systems.

SKILLS

Programming Languages: C/C++, Java, JavaScript, TypeScript, SQL

Web Development HTML, CSS, React.js, Next.js, Tailwind CSS, Redux Toolkit, Bootstrap, Sass, RESTful API

Backend Development: Node.js, Express.js, MongoDB, SQL Server

Software Development Concepts: Object-Oriented Programming (OOP), Algorithms and Data Structures (DSA), Clean Code, Clean Architecture, Design Patterns

Tools & Workflow: Git & GitHub, Figma, Adobe XD, Adobe Photoshop, Agile/Scrum

ACHIEVEMENTS

- Solved 1000+ coding problems on Codeforces, Leetcode, AtCoder, and others, enhancing problem-solving and algorithmic skills.
- Participated in the ICPC competition, gaining hands-on experience in team-based problem-solving under time constraints.
- Achieved Pupil rank on Codeforces, demonstrating proficiency in competitive programming.
- Earned the ITI Summer Training Certificate in MERN Stack Development | July 2024 – August 2024
- Completed the TechnoHacks Internship Certificate in Web Development | July 2023 – August 2023
- Received the MaharaTeck Web Development Courses Certificates | 2024
- Finished the Node Js Express Jwt authentication and MongoDB Course on Udemy | 2024

Volunteering

- **Mentor and Instructor Problem Solving | ICPC Community Zagazig | October 2022 – Present**
 - Mentored multiple teams in the community, guiding them in competitive programming.
 - Conducted weekly and upsolve sessions on topics like C++ STL, Binary Search and greedy algorithms.
 - provided feedback to trainees to enhance their competitive programming skills.
- **Head Track Front-End Development IEEE | Zagazig | October 2022 – September 2024**
 - Led a team in creating user-friendly websites, managing materials, and overseeing quality to ensure smooth project execution.
 - Reviewed tasks and provided feedback, guiding team members on completed projects to enhance overall performance.

LANGUAGES

- **Arabic:** (Native speaker)
- **English:** Intermediate – Conversational in technical discussions and team collaboration.
